

# Installing Matlab for student Computer

**Activation code is required Please contact helpdesk for an activation code before proceeding**

- **Create a MathWorks account:**

**Note:** If you already have a MathWorks account in the format of your "UserName@uhi.ac.uk" you can log into your account and go to the next step.

**Otherwise,** create a mathworks account from the below link using these settings:

- <https://uk.mathworks.com/mwaccount/register>

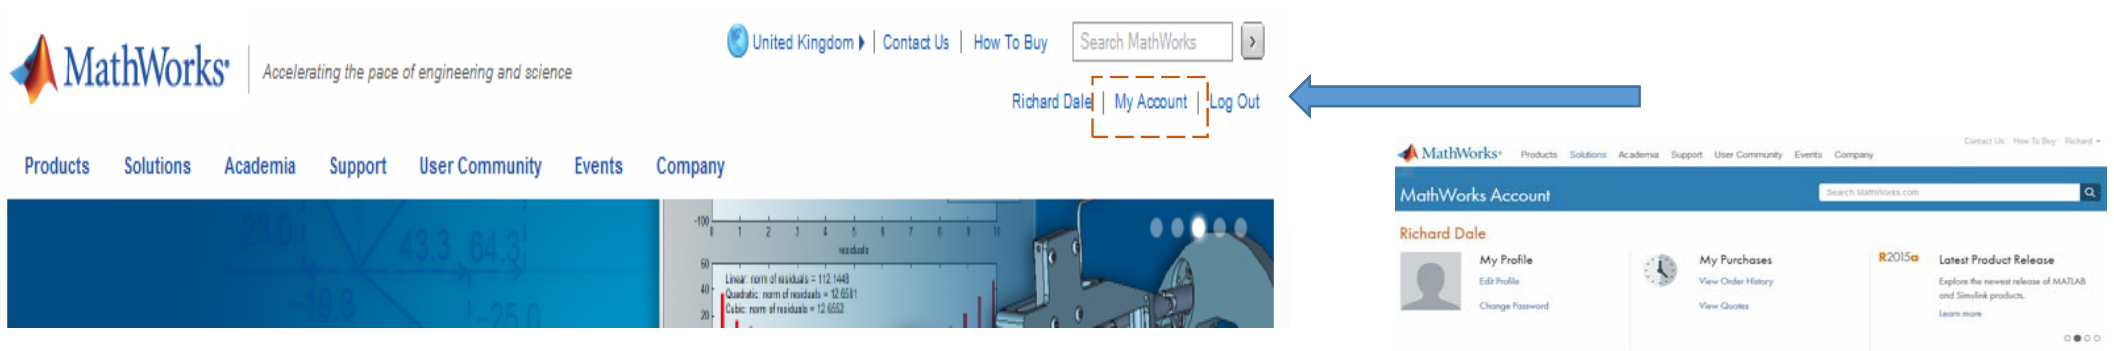

1. In **E-mail:** use your UHI Email Address.
2. In **How Will You Use the MathWorks Software:** choose "Academic use (including campus/site license use)".
3. Fill in all other required fields and click **Submit**
4. You will be asked to Verify Email Address before proceeding

The screenshot shows the MathWorks Account creation page. It features a blue header with the MathWorks logo and a search icon. Below the header, the page title is "MathWorks Account". The main heading is "Create MathWorks Account". There are four main sections: "Email Address" with a text input field containing "UHI EMAIL IN THIS FIELD" and a note "You will need to verify your email address"; "Country/Region" with a dropdown menu set to "United Kingdom"; "How will you use MathWorks software?" with a dropdown menu set to "Academic use (including campus/site license use)"; and "Are you at least 13 years or older?" with radio buttons for "Yes" and "No". At the bottom right, there are "Cancel" and "Create" buttons. Two blue arrows point from the left towards the "Email Address" and "How will you use MathWorks software?" fields.

- Associate to the campus-wide license using the Activation Key:

1. Choose **My Account**;

2. Then under **My Licenses**, choose **Manage Licenses**.

3. Click **Add License**.

4. Enter the Activation Key and click **Continue**. (*Licence key given from UHI helpdesk*)

- Download, install and activate MATLAB software:

1. Choose **My Account** (*as above image*); then under **My Downloads**, choose **Get Licensed Products and Updates**.

2. Select the appropriate installation guide for Windows, UNIX or Mac OS, follow the instructions for download and installation.
